Scholars receive school materials

A total of 79 Grade Six students of Itaas Elementary School, all scholars of the Adopt-A-Scholar Program, received their school things from their donors on August 1, 2016.

The scholars, accompanied by their parents and guardians, received school supplies, bags, uniforms, and bottled water during the ceremony held at the Itaas Elementary School in New Bilibid Prison Compound in Muntinlupa City.

During the Program, Itaas Elementary School Principal Raul T. Felix also awarded the Insular Foundation for its contribution to the yearly Brigada Eskwela Program and thanked the Adopt-A-Scholar Program donors for their support to the school's poorest students. Insular Life Sr. Executive Vice President and Sales and Marketing Group Head Jesus Alfonso G. Hofileña and Sr. Asst. Vice President and Public Relations Staff Head Ana Maria R. Soriano represented the Foundation during the ceremony.

The three top students of the Program during School Year 2015-2016 were also given their cash awards.

The Adopt-A-Scholar Program is supported by employees who voluntarily pledged to sponsor the schooling of the School's poorest students, mostly children of Bilibid inmates and prison guards by paying for a year's worth of school supplies, a bag or a pair of shoes, and school uniforms.

The Insular Foundation thanks all its Adopt-A-Scholar Program donors.
