## Insular Life holds ground breaking and contract signing for Insular Life Makati Building

Insular Life held two important events with regard to its Makati properties.

First, it held groundbreaking rites for the 5-storey carpark building that will be situated immediately behind the new Insular Life Makati Building, which is undergoing major renovation and modernization. These two will be completed by February 2017.

It also signed an agreement with Colliers International and KMC MAG Group for the co-landlord representation of the new Insular Life Makati Building. As co-landlord representatives, the two companies will be responsible for the pre-selection of tenants for the said building.
